

ACEC-SC

INFRASTRUCTURE WORKS INSTITUTE

**Infrastructure
Works
Institute**

MISSION

The ACEC-SC Infrastructure Works Institute will direct its resources to conduct research that informs stakeholders of the state's infrastructure status and economic impact, to invest in tomorrow's engineers, and to advance the business of engineering in South Carolina.

VISION

Support a civic and legislative environment for sustainable and increasing investment in South Carolina's infrastructure.

Goals

- Conduct **peer-reviewed research** on the state's infrastructure, its economic impact, and impact on the state.
- Conduct research on how South Carolina's engineering businesses and products **fuels the economy and contribute to the betterment of SC's citizens.**
- **Educate the public** on the importance of infrastructure and the work infrastructure companies do.
- Promote engineering, licensure, consulting engineering, and encourage engineering and other STEM fields as a **profession of choice.**
- Grow **future generations** of engineers and licensed professionals in the engineering industry.

Next Steps

The IWI is primed for a full launch in 2024, but its research efforts are already underway. Through the IWI, ACEC-SC is currently partnering with the University of South Carolina on an Economic Impact study of the Infrastructure Investment and Jobs Act (IIJA) and the American Rescue Plan Act (ARPA).

Once fully launched, the IWI will serve as a central location for the studies and white papers.

2024 Planned Activities

Unveil 2022-2023 Infrastructure Economic Impact Study
